Subject: RE: Portland Harbor FS - Evaluation of Dioxins/Furans

Kristine – Thanks for this information. We look forward to discussing it this coming Tuesday.

Regarding Table 5 in the memo, I was hoping you or CDM could provide to us (on Monday before Tuesday's meeting) the actual SWACs and acres of active remediation within each SDU used to determine the percent cleanup levels in this table. That is, for each alternative, we would like to know the actual SWACs that you calculated inside each of the SDUs shown in Table 5 and the number of active remediation acres (i.e., how many acres inside the SDU you set to a post-remediation concentration of zero) that equates to.

This would help us better prepare to discuss the RALs on Tuesday. Thanks much in advance.

Carl

Subject: Portland Harbor FS - Evaluation of Dioxins/Furans

Bob and Jim – Attached is our draft evaluation of dioxins/furans with our recommendations for moving forward to discuss with you on January 6.

Hope you both have a happy holiday and see you in the New Year!
